

ACTIVITY 'FORMING A TERM 'CHAIN' 1.task

- Choose a term the definition of which has at least two other terms, and write the needed information in the charts!

1.example

| |
|--|
| Term |
| Definition |
| Connected terms((used in definition) |
| Definitions of connected terms |

2example

| |
|--|
| Term |
| Definition |
| Connected terms((used in definition) |
| Definitions of connected terms |

- In each example make a 'chain' of terms in a definite succession starting with the one students master the first!!**

1.The chain' of the terms in Example 1

| |
|--|
| |
